

## MRS. CRONAN PLANS TO ASK NEW TRIAL

Former Wife of Naval Officer to Appeal If Court Refuses to Grant Motion.

A motion for a new trial will be made early next week, and if refused, an appeal will be taken from the verdict of the jury in the breach of contract suit against Lieutenant Raymond E. Cronan, according to an announcement made today by attorneys for Mrs. Marie Cronan, former wife of the naval officer.

Chief among the contentions to be forwarded for a rehearing is the assertion that the verdict is contrary to the court's instructions.

The jury reported to Justice Stafford, in Circuit Court No. 2, late yesterday afternoon, after deliberating for more than an hour, refusing to grant the plaintiff \$7,000, which she claimed on a contract signed previous to her procuring a divorce from Cronan. This contract was attacked by the defendant on the ground that its provisions were not made known to the court granting the divorce, and therefore, was illegal and against public policy.

Testimony was brought out by attorneys for the former wife to show that her husband, after marrying her, had kept the marriage secret, and on a voyage around the world with the Atlantic fleet had paid attention to other women. Mrs. Cronan stated on the witness stand that her husband had begged her after he had agreed to give her a monthly income and to sign the contract on which she brought suit.

Commander Cronan stated that Mrs. Cronan had consented to the divorce only after he had agreed to give her a monthly income and to sign the contract on which she brought suit. Attorney Arthur Peter appeared for Cronan, and Attorney William E. Hutton and Joseph Cox were counsel for the plaintiff.

## Elman Charms at Symphony Concert

Brilliant Young Artist Afforded Opportunity to Display Technique and Tonal Beauty.

The Symphony Society of New York, with Walter Damrosch as conductor and Michael Elman as soloist, yesterday gave the first of the series of three concerts scheduled for this season at the Helene Theater.

The brilliant young violinist was afforded an opportunity in the last number, Goldmark's concerto for the violin, to display to the fullest, the quite unusual technique and tonal beauty which have distinguished him as an artist ever since he was heard in this country for the first time.

With youth and genius in his favor, Elman should become one of the great virtuosos of the near future. His appearance each year reveals remarkable growth and the performance of yesterday indeed stamps him as a technician and one of the first violinists of his generation.

Heethoven's fifth symphony, in C minor, was the opening number for the orchestra, interpreted through them by Mr. Damrosch in a manner which fully brought out the contrasts of this masterpiece.

Frederick Delius' "On Hearing the First Cuckoo in Spring" was given for the first time in Washington, and the delicate and beautiful string quartet, opus 11, was splendidly interpreted. As an encore Elman gave at the close of the performance his own arrangement of Weber's "Country Dance."

Percy Grainger, composer pianist, will be the soloist at the next concert January 11.

## As Income Shrinks So Does His Paper

College Point Herald Editor, Getting Only \$1.75 in Week, Issues a Tiny Sheet.

NEW YORK, Nov. 11.—The College Point Herald of College Point, L. I., came out yesterday in the shape of a handbill about eight inches. It contained eleven tiny advertisements and one editorial, in which Editor C. Grand Pierre said:

"The total income of the Herald last week was \$1.75. This week, excluding the payment of postage and advertising bills, the total income of the paper was 25 cents. During the last three weeks the editor has called personally on seventy-nine subscribers whose annual subscriptions are from two to six months past due and collected \$250."

"That is really not much enough."

"In the future we will give just as much as people pay for. It is during a week enough money comes in to publish a full sheet, but it is not, we shall continue to have little weekly leaflets as this one."

"DISGUSTED EDITOR."

"P. S.—From my own personal earnings I shall be glad to repay all those who have paid in advance and desire their money back."

## Substantial Sum Raised For Home For Children

The managers of the Episcopal Home for Children are to receive a substantial addition to their funds as a result of the luncheon given yesterday at the Old Masonic Temple by the women of the Episcopal churches of the city.

More than 200 persons attended and it is expected that the receipts will pass the \$500 mark set last year.

The home was formerly known as the Bell Home and accommodates eighty children. It is under the direction of the Rev. W. G. Davenport and Mrs. Davenport. Mrs. J. N. Steed was in charge of yesterday's luncheon.

**Dead Miner Mourned By Thirty Pet Cats**

GRASS VALLEY, Cal., Nov. 11.—Thirty cats, pets of Ned Lambert, eighty-three, a pioneer miner of this district, are meeting and mourning in the little mountain cabin occupied by Lambert. Their master is dead.

Lambert came here in the early days, and after prospecting ineffectively, worked for years for the Empire Company. He was a pensioner of that company, and for the last ten years lived in his cabin with his thirty cat friends. The animals clearly show indications of mourning.

**Elect D. C. Members.**

The executive committee of the National Historical Society, in New York, has elected Vernon Bailey, 1340 Kalamazoo road, and Miss Susan C. Ayres, of the Pension Bureau, as original founders.

## Golden Spoon for Baby Wait, Perhaps

Left on Doorstep of a Jersey Millionaire, She May Be Adopted by Him.

CARLETON, N. J., Nov. 11.—Bertram D. McKenzie, a millionaire, secretary of the Standard Bleachery mills, found on his doorstep yesterday morning as he was leaving the house in Raymond Avenue, Rutherford, a baby girl only a few weeks old and naked, save for the wrapping of a pillow slip. The infant was blue with cold.

Mr. McKenzie carried the babe indoors and laid her wrapped in blankets before a roaring open fire. She thawed out in a hurry, kicked up her legs and shouted mightily.

The millionaire notified the police, and a patrolman Campbell was sent to the house. The McKenzie family, a middle-aged couple, are childless.

Campbell went home and returned with a complete outfit of baby garments.

"Our son here about two months ago," he explained.

While the McKenzies haven't decided to adopt the little girl Mrs. McKenzie frankly said she was considering the matter. There were ten telephone calls at the McKenzie home yesterday from well-to-do persons who said they would like to take the babe.

The jury reported to Justice Stafford, in Circuit Court No. 2, late yesterday afternoon, after deliberating for more than an hour, refusing to grant the plaintiff \$7,000, which she claimed on a contract signed previous to her procuring a divorce from Cronan. This contract was attacked by the defendant on the ground that its provisions were not made known to the court granting the divorce, and therefore, was illegal and against public policy.

## DESPITE WAR, HUNS RAISE MORE WHEAT

Increase of 143.9 Per Cent Over 1914 Crop Shown in Report From Rome.

Despite the war and invasion of her territory, Hungary harvested a wheat crop almost half again as big as the crop of the previous year. According to the figures from the International Institute of Agriculture at Rome, this year's crop was 143.9 per cent of the 1914 crop.

Bulgaria, which more recently went into the war, harvested a crop more than half as large again as the crop for the previous year. Bulgaria's harvest was 157.1 per cent of that of the previous year.

Gains are shown in other crops in spite of the millions called away from the harvest field to the battlefronts.

An unprecedented world crop yield is shown for 1915, by the report of the International Institute, given to the public today. Crop totals for all of the countries of the Northern Hemisphere are given.

France, whose fields have been laid waste by war, suffered a loss in the wheat and other grain crops, the wheat harvest being but 82.3 per cent of that of the previous year, which was damaged in the first German drive. Rye and barley crops increased in Hungary and Bulgaria and fell off in France.

The total 1915 world wheat crop is estimated at 955,298,231 quintals, against 818,405 in 1914, or 12.5 per cent of last year's crop. Counting last year's rye crop as 100 per cent, this year's yield is 114.7 per cent; barley is 117.1 per cent; oats is 122.4 per cent, and corn 111.9 per cent.

Hungary's rye crop is 107.2 per cent of last year's; her barley crop 85.1; her oats crop 92.6 per cent, and her corn crop 107.8 per cent.

The French rye crop is 87.2 per cent of the 1914 yield; the barley crop 73.3 per cent, and the oats crop 89.3 per cent.

Big yields of the principal crops in the United States proved a factor in raising the world yield.

## TEMPERANCE HOSTS IN CONCLAVE HERE

Fraternal Greetings Delivered At St. Paul's Lutheran Church This Afternoon.

Representatives of all the organizations in the District directly interested in the cause of temperance delivered addresses of fraternal greetings this afternoon to the delegates to the forty-first annual convention of the Woman's Christian Temperance Union of the District at St. Paul's Lutheran Church.

Andrew Wilson, president of the Anti-Saloon League, was the first speaker and he was followed by Charles F. Sudworth, representing the Sons of Jonadab, the Rev. E. C. Dinwiddie, of the Good Templars, and Charles T. Carothers, of the Rechabites.

The principal business of the second session of the convention, which assembled at 2 o'clock this afternoon, was the reading of the annual report of the president, Mrs. Emma Sanford Sheldon, and the presentation of the reports of the various department workers.

Mrs. William Gibb, Mrs. S. H. Wiley, Mrs. B. P. Whalen, Mrs. Ruth Thompson, Mrs. C. D. Merwin and Dr. Sallie Jones Jagers, Mrs. Theodore T. Moore, vice president of the union, presided.

The opening session of the convention was called to order at 10 o'clock this morning by the President, Mrs. Sheldon, who made a brief address describing her trip to the Pacific coast to attend the national convention of the W. C. T. U., in Seattle. Reports were presented by Mrs. Benjamin A. Lineback, recorder; Mrs. Charles P. Grandfield, for the corresponding secretary; Mrs. J. F. Allison, treasurer; Mrs. Washington Topham, for the Young People's Branch; Mrs. Edna Procter, for the Loyal Temperance Legion; Miss Lucy Patrick, on peace and arbitration, and Mrs. H. S. Petrie, on medal contests.

The Rev. John Huddle, pastor of St. Paul's Church, made an address of welcome to the delegates, to which Mrs. Francis St. Clair responded.

**Baptisms Tonight.**

At Shiloh Baptist Church, 1 street, between Sixteenth and Seventeenth streets northwest, this evening a number of candidates will be baptized by the Rev. J. Milton Waldron. A movement is on foot for a revival campaign in January.

**Transport Escapes From Attack By Submarine**

LONDON, Nov. 11.—Twenty-three men were killed and fifty wounded in an attack by gunfire from a submarine on a British transport Mercian in the Mediterranean. The Mercian escaped and reached port. Announcement of the attack on the Mercian was made by the British war office, as follows:

The French steamer France, 4,000 tons, has been sunk in the Mediterranean. The British torpedo destroyer Louis has straddled and been wrecked in the eastern Mediterranean.

**Former Cash Boy Rises To Post Worth \$25,000**

POTTSTOWN, Pa., Nov. 11.—Harry I. Rebotter, son of Mrs. James Schotter, who, in 1880, began as a cash boy in a Pottstown dry goods store, has been appointed general superintendent of the new Midvale Steel Company plant at Coatesville, formerly the Worthington Iron Works, at a salary of \$25,000 a year.

Mr. Schotter learned the iron business at the plant of the Pottstown Iron Company, and for the last eight years has been at Pittsburgh, where he was general superintendent of the plant of the Carnegie Steel Company.

**Combing Won't Rid Hair of Dandruff**

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky, and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Adv.

## ROBBERY SUSPECT TAKEN IN GUN FIGHT

Dum-dum Bullets Found On "Dutch" Sheridan Sought For Train Holdup at Haverstraw.

NEW YORK, Nov. 11.—Robert "Dutch" Sheridan, wanted in connection with the train hold-up at Haverstraw, on October 15, was arrested last night after a running gun fight in the streets of Jersey City and Hoboken. "Red" Lee Andrews, his partner, escaped. Both men used dum-dum bullets in the fight, according to the police. No one was hit.

The chase began when Policeman John Moran saw the two men on "Palisades" avenue, in Jersey City. The two men drew their guns and opened fire on the policeman as they sped down the avenue toward Griffith street.

The patrolman commanded a passing automobile and behind it followed a crowd of onlookers. Sheridan was found to be carrying two guns, with his pockets and a belt full of dum-dum cartridges.

Sheridan gave his address as Jersey City, and said he had not been home for six weeks. According to the police, he is one of five members of a gang that has been terrorizing Hudson and Bergen counties. William Hadden, one of the members of the gang, is in Hackensack Jail.

Four railroad hold-ups, two on the Erie and two on the West Shore, have been reported recently.

**Bryan Against Yale's Plan to Form Battery**

NEW HAVEN, Conn., Nov. 11.—In a letter received at Yale from William Jennings Bryan, the former Secretary, Bryan refuses to endorse Yale's plan to establish a battery composed of un-degreed members of the faculty and graduates. He says there has not been a little reason for a war scare.

Mr. Bryan's letter continued: "I have no objection to voluntary military training, such as we have had in universities in the past, but am not willing to give indorsement at this time to a movement which can be construed as an encouragement to the preparation of propaganda which is being fostered and supported by the preparers of preparedness and by the manufacturers of munitions."

**FIVE MINUTES! NO GAS, INDIGESTION OR ACID STOMACH**

Instant relief from sourness, heartburn, headache, dyspepsia.

"Pape's Diapepsin" is quickest and surest stomach relief known.

Why not get some now—this moment, and forever rid yourself of stomach trouble and indigestion? A dieted stomach gets the blues and grumbles. Give it a good acid, then take Pape's Diapepsin to start the digestive juices working. There will be no dyspepsia or belching of gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapepsin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of indigestion and upset stomach in five minutes.

There is nothing else better to take from the stomach and cleanse the stomach and intestines, and, besides, one single dose will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When indigestion works, your stomach re-gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all stomach misery is waiting for you as soon as you decide to take Pape's Diapepsin. Tell your druggist that you want Pape's Diapepsin, because you want to become thoroughly cured this time.

Remember, if your stomach feels out-of-order and uncomfortable now you can get relief in five minutes—Adv.

## ORDERS FOSTER TO PAY \$85 ALIMONY

Court Awards Divorce to Wife of Plate Printer Now in Havana.

Permanent alimony of \$85 a month for the support, education and maintenance of their son, George H. Foster, is required to be paid May Hammond Foster by George P. Foster, in charge of the Government plate printing plant in Havana, Cuba, from whom an absolute divorce was granted the wife in a decree signed today by Justice McJoy.

The signing of the decree today ended litigation which began with the filing of a petition for divorce by Mrs. Foster, through Attorney Malcolm Hurty,

on July 24, 1914. Misconduct was alleged in the petition, and during the trial depositions from persons in Havana were presented to the court. The plaintiff declared that Foster had an income of \$3,000 a year as representative of the plate printers of the Bureau of Engraving and Printing; that he remained out until early hours in the morning, when he would come home "with powder on his coat sleeve and smelling of extracts and perfume."

In her testimony at the trial, Mrs. Foster declared Foster "practiced refined cruelty."

The decree provides that Foster is to pay counsel fees of \$300 to the plaintiff's attorney. In the litigation, Foster was represented by Attorney Hurty and T. Doyle.

**Pair of Wild Foxes Are Reared by Cat**

SEATTLE, Wash., Nov. 11.—Among the shipment of live foxes from Alaska on their way to a fox farm at Plattburgh, N. Y., were two cross-bred pups which were reared by an ordinary ranch cat in the Tanana valley. They were nursed by the feline mother until they were old enough to sip condensed milk from a platter.
